“If we fail to make the proper intervention as teachers, as parents, as school officials, as classmates, or as friends — if we refuse to care, we might be helping students become potential dangers to society and potential case respondents in the Office of the Ombudsman. *Kaya’t hanggang maaga pa, makialam.*”

Feedback from the Participants

Evaluation forms were distributed to the participants and here are some of what they have to say about their experiences with the CIC program and the CIC Congress.

On the CIC program...

The CIC program is good but improvements are necessary in every program. Have an open forum so that the students can express what they want. – Charlotte Grace Mose, Cato NHS

The implementation of the anti-bullying program of BAIHS-CIC received negative remarks from some students but with the proper information dissemination, the program gained 100% support from the students.

CIC should not be a member of other organizations in the school. CIC members with remarkable achievements should be given scholarships. – Arcadio Beltran, CPPNHS

Everyone, even the small public schools need to be informed of the CIC program. –John Melvin Edejer, Bugallon NHS

The biggest challenge faced by our organization is the preparation of our reports. But with the help of each of us, we finished it before the deadline.

The CIC would be more effective if the PNP and local government works hand in hand with the schools implementing the projects. – Rosalie Basa, Arnedo NHS

Our biggest challenge is the lack of equipment and funds. – Joseph Calle, Bogtong NHS

I hope there will be evaluation and monitoring again at the end of the SY, sometime March 10-20. –Jessa Espiritu, Don Pedro NHS

The biggest challenge we faced were the natural calamities which tended to suspend our earthquake and fire drill. – Patric Anthony Gonzales PNHS

I suggest weekly or monthly monitoring of the CIC organizations in every school. – Rubylyn Fernandez, Sumabnit NHS

The biggest challenge we faced is financial support for our project. –Marvin Sarmient, Daniel Maramba NHS

On the CIC Congress...

The MC was good. The venue was just enough to accommodate us. The food sponsor was very generous. We learned a lot from the event. Sana maulit muli 😊 - Annaliza Caakbay, Tiep NHS

Add competitions like debates on how to advocate anti-corruption and eradicate extreme poverty caused by corrupt people. - Damsel Ann Pobre, Cipriano Primicias NHS

Make it a three-day seminar. -Angelika Rimpola, Dayong malabago NHS

I really liked the Zumba that was included in the program. The BEST! - Daisy Valle, Bugayong IS

Please don't limit to 3 officers the number of participants from each school. This is a great opportunity for them. -Raymund Marcos, Bayambang NHS

May I suggest that school administrators be also included in a special training. - Monina Rojo, San Aurelio NHS

I suggest that our principal/head be invited also next time so that they may also be aware of the CIC programs. Over-all assessment of the program—Excellent! - Monchito Grullo, Sumabnit NHS

...some students were not cooperating but later in the process ..., they realized the importance of the project. - King Rey Perez, Estanza NHS

I would like to suggest giving training kits to participants in order for this event to be etched in the minds of the participants. - Jan Effraim Rulloda, PNHS

The event should be at least 2-3 days so that it is enjoyable and memorable. - Rhene Line C. Balo, Bautista NHS

Thank you for making us part of your successful programs and projects!- Airah Diso, Nama NHS
